Subject: Deficient Small Mine Notice and Completed Reclamation Surety and Reclamation Contract, Ray Mining LLC, Cudahay Mine, S0270055, Juab County, Utah

Dear Mr. Ray:

On March 7, 2007, the Director of the Division of Oil, Gas and Mining signed the reclamation contract for the Cudahay Mine Project Notice of Intention to Conduct Mining, file number S/027/055. A copy of the executed reclamation contract/surety is enclosed for your records. However you should note, that there are still deficiencies in your revised Notice of Intent.

The map showing 2.975 acres of surveyed disturbance that was submitted with the revised Small Mining Notice of Intent on December 11, 2006 does not have any distinguishing topographic marks showing where the disturbance is found on the mine site. Please submit a map that shows where the disturbance is located on the mine site.

If you have questions or concerns regarding this letter, please contact me at (801) 538-5325 or Tom Munson at 538-5321. Thank you for your help in completing this very important regulatory requirement.

Sincerely,

Daron R. Haddock
Permit Supervisor
Minerals Regulatory Program
